Products

100% Natural

EarthGrains® 100% Natural Breads are delicious and naturally nutritious, the way bread should be. Our breads are baked fresh with only the finest 100% natural ingredients, they contain no artificial colors, flavors or preservatives, and have 0g trans fat.

We believe that a grain kept best is a grain kept whole, which is why our EarthGrains 100% breads are an excellent source of whole grains and fiber.

Double Fiber

EarthGrains® Double Fiber Breads have twice the fiber of wheat

bread for digestive health. They are packed full of essential nutrients like calcium for stronger bones and teeth and vitamin D to help maximize the absorption of calcium.

We believe that it is not always about what you put into product, but also about what you leave out. That's why EarthGrains® Double Fiber Bread has no artificial flavors, no artificial colors, and 0 grams of trans fat.

Our taste and texture never waiver because we know a grain kept best is a grain kept whole.

Environment

At EarthGrains® we care about the earth so much, it's in our name. We are endlessly committed to protecting and nurturing the fertile grounds that allow our grains to grow healthy and tall. Here are some simple things you can do right now to be good to the earth:

- Keep a stocked fridge to save on energy
- Ditch snack bags for reusable containers
- Use a BPA-free thermos instead of throwing away water bottles
- Keep a hot or cold beverage mug at your desk instead of using disposable cups
- Support brands that have relationships with credible environmental organizations
- Store and carry sandwiches in reusable containers rather than plastic bags
- Plan for leftovers! Make larger portions at dinner and pack leftovers for lunch the following day
- Buy from bulk bins to save money and cut down on packaging
- Stock up on foods you eat frequently to minimize trips to the grocery store

Just a few earth-minded changes can make a big difference in protecting the earth and our environment.

100% Whole Grains

Why Whole Grains?

Whole grains are grains that have not been refined. They are left intact, as nature intended, so they retain all the naturally-occurring vitamins, minerals and fiber that refined grains lose in the milling process. To be sure you are eating whole grains, look for the word "whole" in the first two ingredients listed.

What are the benefits of Whole Grains?

In addition to being nutrient-rich, whole grains have been shown to contribute to weight management, improved gastrointestinal health, and maintenance of healthy blood glucose levels. Eating whole grains has also been linked to reduced risk of heart disease and some types of cancer.

EARTHGRAINS

Born in the earth and raised in the sun, our grains enjoy life's most simple pleasures: a warm sky that presses down gently, the timely breeze that shakes them cool, and a refreshing rinse in one of the world's most sustaining elements, rainwater. This nature-nurtured process is the foundation of how we create every single whole grain product in our family. We didn't invent the method, but we sure work hard on perfecting it.

That's why our natural breads contain 0g trans fat, no artificial colors, flavors or preservatives. Sometimes it's not what you put in, but what you leave out. And our taste and texture, they never waiver because we know a grain kept best, is a grain kept whole. This timeless practice lends so much to our taste that we are endlessly committed to protecting and nurturing the fertile grounds where our grains grow tall.

The Nature Conservancy

Protecting nature. Preserving life.

EarthGrains is a proud supporter of The Nature Conservancy's efforts to preserve and protect our natural habitats. Over the next year, we'll give \$100,000 in support of their mission to protect our world's lands and waters.

Arnold History

Arnold Bread is a love story in baking. In March 1940, in a brick oven at the rear of a small house in Stamford, Connecticut, Dean and Betty Arnold baked the first two-dozen loaves of Arnold bread. Placing their trust in superior ingredients, unbleached spring wheat flour, honey, butter and eggs, they developed the compact, golden rich bread that would soon become a leading premium bread with an international reputation.

Ironically, Mr. Arnold established a baking business of his own because of a serious allergy to flour. After graduating from Columbia University, he worked for a large baking company until his allergies grew too severe to continue. In January 1940 with only \$600 in severance pay, he and his wife, Betty, moved in with his uncle on a farm in Armonk, New York, and the love for baking began.

Always believing there was a need for a better loaf of bread, Dean and Betty took their unique recipe and stoked up their first brick oven. Soon, the whole family was involved as relatives helped to slice, wrap and hand deliver the bread from house to house. By 1941, business was booming and the bakery needed to expand. Though he didn't have a financial statement, Dean was granted a bank loan on the taste of his bread alone and moved the bakery to Port Chester, New York.

Before long, the Arnolds were able to continue this growth. While vacationing in Florida in the 1950s, Dean and Betty heard complaints from relocated New Yorkers that they were not able to get quality premium bread like Arnold. So in 1959, the Arnolds took over a 24,000 square foot plant in Riviera Beach, Florida and brought their premium bread to the sunshine state.

In the sixties, they built the largest bakery under one roof in the world in Greenwich, Connecticut, with the largest brick oven anywhere. In 1971, Dean Arnold retired, but his famous recipes for premium bread live on.

Today, Arnold is a part of Bimbo Bakeries USA and the love of baking continues.

OFFICE ACTION

TO AVOID ABANDONMENT, THE OFFICE MUST RECEIVE A PROPER RESPONSE TO THIS OFFICE ACTION WITHIN 6 MONTHS OF THE ISSUE/MAILING DATE.

ISSUE/MAILING DATE:

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62, 2.65(a); TMEP §§711, 718.03.

SEARCH STATEMENT

The Office records have been searched and there are no similar registered or pending marks that would bar registration under Trademark Act Section 2(d), 15 U.S.C. §1052(d). TMEP §704.02.

DISCLAIMER REQUIRED

Applicant must insert a disclaimer of the descriptive wording SANDWICH in the application. The wording is descriptive because the applicant's bread is used to make SANDWICHES. *See* 15 U.S.C. §1056(a); TMEP §§1213, 1213.03(a).

The following is the accepted standard format for a disclaimer:

No claim is made to the exclusive right to use "SANDWICH" apart from the mark as shown.

TMEP §1213.08(a)(i).

The Office can require an applicant to disclaim an unregistrable part of a mark consisting of particular wording, symbols, numbers, design elements or combinations thereof. 15 U.S.C. §1056(a). Under Trademark Act Section 2(e), the Office can refuse registration of an entire mark if the entire mark is merely descriptive, deceptively misdescriptive, or primarily geographically descriptive of the goods. 15 U.S.C. §1052(e). Thus, the Office may require an applicant to disclaim a portion of a mark that, when used in connection with the goods or services, is merely descriptive, deceptively misdescriptive, primarily geographically descriptive, or otherwise unregistrable (e.g., generic). *See* TMEP §§1213, 1213.03.

Failure to comply with a disclaimer requirement can result in a refusal to register the entire mark. TMEP §1213.01(b).

TELEPHONE RESPONSE SUGGESTED

Applicant is encouraged to telephone the assigned trademark examining attorney to resolve the issues raised in this Office action.
